GLOSSARY FOR DESIGN

ACCESSORY: A subordinate object other than plant material used in a design e.g. a figurine, rock, etc.

BUFFET TABLE: In a Table Class, service for 4 or more with components conveniently and logically placed for ease of self-service. At least 1 service piece required. A decorative unit must be included.

CREATIVE LINE DESIGN: A Creative design in which line direction is dominant, characterized by open silhouette, a minimum of plant material and other components. Dominant feature is the movement in any direction, either vertically, horizontally, diagonally, etc.

CREATIVE MASS: A Creative Design emphasizing a greater proportion of plant material and components other than space.

1. The silhouette of the design is visually closed and rhythm contained within.
2. Open spaces may be incorporated within the closed silhouette.

DECORATIVE UNIT: In a Table Class, floral designs with or without other components such as candles or other accessories if any.

DESIGNERS CHOICE: Designers choice of all components.

EXHIBITION TABLE SETTING: Not meant to be functional. Created artistically to suggest the service of food with no requirements as to the type or number of table appointments. Plant material must be used as needed for the overall design. Complete design not required unless schedule requires.

FUNCTIONAL TABLE-for two or more persons, the schedule will determine

1. Table planned and set for actual service of food.
2. Convenience and sense of order must prevail.
3. A decorative unit (completed floral design with/without candles And other accessories) **must** be included. A container-grown plant alone is not a design.

TRANSPARENCY DESIGN – a Creative Design with see-through elements (translucent, diaphanous, grid-like materials, etc.) integral to the design and permitting some components to be viewed through others.
